

## FACTOR SANY

Eco-friendly stain remover for washing in water with AQUA FACTOR® system, with sanitizing action.

FACTOR SANY is a stain remover of innovative formulation that develops a strong sanitizing and bleaching action even in cold water.

Aspect	Viscous liquid, suspension
Color	White
Smell	Odourless
pH at 20° C	3.5
Density at 20° C	1 – 1.1 g/ml
Freezing temperature	Less than - 3° C
Solubility in water	Excellent

FACTOR SANY facilitates the elimination of stubborn stains due to oxygen given off at contact with water.

FACTOR SANY is suitable for the treatment of white and colored clothes. Can be used on all types of fabric since it is not in the least aggressive. The product is biodegradable and its environmental impact is virtually nil. It is suitable and tested for use in the system AQUA FACTOR® system.

FACTOR SANY can be used in combination with the detergent (FACTOR POWER / FACTOR NICE) adding in washing-machine 2-3 g of product per liter of water. In this case acts as a stain remover and whitener.

To obtain a complete sanitizing action, dose in the rinsing phase 5-6 g per liter of water at a temperature of 20 °/30 °C.

FACTOR SANY can be stored for about 1 year.  
Tightly close after use.

Plastic containers of 5, 10 and 25 Kg.

864005 = 5 Kg

864010 = 10 Kg

864025 = 25 Kg
