

NAT CLEAN

UNIVERSAL STAIN REMOVER BASED ON VEGETABLE EXTRACT, COMPLETELY BIODEGRADABLE

NAT CLEAN is a professional product of detergency mainly realized with plant extracts and vegetable derivatives in a watery base, without added perfumes.

Aspect	Liquid
Color	Light yellow
Smell	Characteristic, delicate of clean
pH at 20°C	6,0 ±1,0
Freezing temperature	Less than -5° C
Biodegradability	Greater than 90 %
Phosphorous (P) content	Totally free
Solubility in water	Excellent (even in cold water)

NAT CLEAN is easy to use, to spray as it is on the part of garment to be treated. Removes oils, fats and dirt in general from every type of tissue, without having contraindications or hazardousness for man and the environment thanks to its balanced composition based on vegetable extracts. Has a high detergent power and has an efficient solubilization in water for a wide range of stains derived from oils, grease, organic traces, diesel fuel, smog, soot, inks, paint, mascara, dyes, enamel, glue residues, waxes, etc. Captures and disgregates, until their elimination, even bad smells.

NAT CLEAN is quickly and promptly biodegradable and not flammable. Does not contain V.O.C. solvents, enzymes, bacteria, acids or bases, phosphates and preservatives. Not toxic for aquatic organisms. Dermatologically tested.

NAT CLEAN is ready to spray on the area to be treated. Then wash in the washing-machine or rinse manually.

NAT CLEAN can be stored for 2 years. The container should always be tightly closed after drawing.
