Smell	Characteristic
pH at 20°C	3-4
Density at 20°C	0.98 - 0.9 g / cm ³
Freezing temperature	Lower than -3 ° C
Solubility in water	Complete

SOFTLEAN ASEPT owns:

- Double active ingredient for deep and long-lasting hygiene
- Super concentrated and long lasting fragrance
- High concentration, gives softness and fragrance even at low dosages
- Cleaning, finishing and hygiene with a single product
- It is suitable for all fabrics, even delicate ones, both white and colored.

SOFTLEAN ASEPT is used in the last rinse, with a low water level. Thanks to the special formula it sanitizes the garments and gives an unmatched perfume and softness. For a profound and effective hygiene result, extend the standard washing cycles by at least 20%.

Dose in the last rinse:

7-15 gr of SOFTLEAN ASEPT per kg of goods based on the degree of hardness of the water

SOFTLEAN ASEPT can be stored for up to 1 year.

Close container well after use.

Plastic containers of 10 - 20 Kg.

824610 = 10 Kg

824620 = 20 Kg
