

SURFLEAN DARK

LIQUID DETERGENT FOR THE CLEANING OF DARK AND COLOURED GARMENTS.

SURFLEAN DARK is compounded of highly selected surfactants enriched with fiber-protective substances.

Aspect	Viscous liquid
Color	Pearly gray
Smell	Characteristic
pH at 20°C	7/8
Density at 20°C	1.1 g/ml
Freezing temperature	Less than -5° C
Biodegradability	Greater than 90 %
Phosphorous (P) content	Totally free
Solubility in water	Excellent (even in cold water)

SURFLEAN DARK was purposely thought for the treatment of coloured, dark and black garments and thanks to its particular formulation, it preserves the colour. It has an excellent softening action, it does not leave solid residues in drain water, it does not develop calcareous deposits, it is soluble even at low temperature, its washing power is excellent, and besides it makes the ironing easier.

SURFLEAN DARK finds application in the wetcleaning and can be employed in the big and middle industrial sector and it is also suitable for home use. It is suitable both for delicate cycles in washing machines and for hand washing.

In washing-machine: max temperature 30°C

Put 4 - 8 gr of SURFLEAN DARK per liter of water

Hand-laundrying:

Put 40 - 50 gr of SURFLEAN DARK for 10 liter of water
